Report of Selectmen, Assessors and Overseers of the Poor

To the Citizens of Bingham:

We hereby submit our annual report of the financial standing of the town for the year ending February 15th, 1933.

Because of the cut in appropriations at your last annual town meeting, it was possible for us to reduce the tax rate from $47.00 to $41.00 per $1000.00.

Even though we show an overdraft of $96.80 on Highways and Culvert account, caused by the freshet last fall, we wish to call to your attention that with the exception of "Patrol Maintenance Acct." (which is entirely controlled by the State) our net overdraft for roads and bridges was only $3.62, certainly a commendable report for your road commissioner.

We also wish to call to your attention the fact that even though the net overdraft as per the footing on your appropriation sheet amounts to $1,394.97 (caused largely by demands in the poor account) and in spite of the fact that we had to raise an additional $1,500.00 for Support of Poor at the special town meeting held last December, you will note that the financial standing of your Town shows an increase in net liabilities for the year of only $1,665.48. This is accounted for largely by the fact that we paid off partially on our two road notes.

Because of uncollected taxes and accounts due us from the State and other towns to the amount of $5,951.34, we owe on temporary loans a total of $5,000.00 outside of the special $1,500.00 raised for poor relief, the latter amount being automatically wiped off in this coming commitment.

Because of economic conditions, it is mutually felt between your selectmen, your budget committee and your tax payers' committee, that an extension of time should be granted your tax collector to settle in full with the town for 1932 taxes. Comparatively speaking, judging by other communities, your collector has made a good showing.

During the year, your selectmen obtained through refunds on Stella Sheldon, Flora Williams Estate, Robert Fitzmorris Estate and by a decision of the Probate Court an actual savings for the town of approximately $1,181.00.

In other instances (and there were many) an uncalculated amount has been saved the town in the poor department by talking matters over with the needy and finally arranging in such a way that they were relieved in another manner, other than by the town.

We believe that through the Red Cross and by assistance granted us by numerous local citizens a substantial savings has been made on our poor demands. We take this time to thank all those who so kindly assisted us along these lines.

Working in a very much appreciated co-operative spirit, the Tax Payers' Committee in conjunction with your Budget Committee and Selectmen, have endeavored to present to you through the articles in the Town Warrant a much needed reduction in the budget for the coming season, as in order to exist under present economic conditions, a reduction in taxation is absolutely essential.

We wish to thank all Town Officials, Committees and Citizens for their co-operation this past season.

PERLEY C. FOSS

C. N. ROBINSON

MAURICE ALKINS

Selectmen of the Town of Bingham

June 25—Hormer W. Cooley, aged 78.
July 3—Vonie E. Gilman, aged 61.
Aug. 7—George Pierce, aged —.
Sept. 5—Alice F. Merchant, aged 50.
Sept. 13—Edwin H. Caswell, aged 60.
Sept. 29—Carrie S. Whitney, aged 36.
Dec. 2—Lephe S. Preble, aged 78.
Dec. 3—Elizabeth Emerton, aged 92.
Sept. 1—Frank S. Pooler, aged 48.
Dec. 21—Jane Ann Pierce, aged 71.
Dec. 22—George York, aged 64.
Dec. 25—Sylvanus E. Holden, aged 67.
Dec. 18—Adelaid P. Shattuck, aged 85
Dec. 26—Robert L. Forsythe, aged 78.
Dec. 31—Janie C. Morrison, aged 46.

Report of Superintendent of Schools

To the Superintending School Committee and other Citizens of the Town of Bingham:

In trying times like these, it becomes the first duty of every citizen to seek ways and means by which the tax burden of the community may be lightened and since the fixed charges and poor must be taken care of, the places where savings may be made are necessarily in departments that have none of these charges. The old cry, "Women and Children first," in any disaster still holds good, I assume, and still inspires men to self-sacrifice. "Less money" is today's equivalent of disaster and demands that some sacrifice be made for our boys and girls and those who have charge of them. Have we made the self-sacrifice so that these children will be the last to feel this want of money? A year lost is one gone forever in the life of an individual and while it is true that he must eat if he is to survive, even at the expense of education, yet I believe that any long period of lack of mental sitmulus and training would result in conditions that for a government like ours where universal suffrage is an established fact would be worse than physical starvation. The schools of the Town of Bingham have had for the most part, the support of the inhabitants at least since I have been with you and I feel sure that only the feeling of drastic necessity would compel them to curtail in any way the program of our schools.

The amounts appropriated at the last annual town meeting if apportioned among the adult citizens of the town means that each of these adults is paying an amount slightly in excess of $.08 a day for 180 days in order that his and his neighbor's children may be taught to read, write, do arithmetic, learn history, geography, spelling, higher mathematics, French, Latin, receive instruction in health, music, manual training and domestic science besides paying for the heating, lighting and repairing of all buildings and furnishing books, supplies and supervision for all children. All this could not be done however except that for the fact that nearly half of our income comes from outside sources—other towns and the State. Some will maintain that the poll tax payer is included in the adult population but even so, this man has to live somewhere and the cost of his living in food, clothing, and shelter helps the property owner pay his $.08 for each day.

TEACHERS

No change has been made in the teaching force during the year. It was felt by the Superintending School Committee and the Superintendent that we might get along with one less teacher in both the high school and in the grade schools in September. The work in the grades has not suffered particularly but we feel that it has not been successful in the high school. We expect the largest entering class and so the largest high school the town has ever had beginning with the opening of school in September, probably from 125-140 students in the four regular high school classes. This makes it imperative that another teacher be added to the high school staff and we are asking for an appropriation to meet this expense. All our teachers have worked faithfully and have given their best to us and the children under their control. A word of appreciation to them occasionally from parents makes them feel that their efforts are recognized. The high school has done particularly well when matched in competitive work with other schools in the State. I feel that all our schools have the finest teachers procurable which is no more than we ought to have for our children and that our standards are equal to those of any town of our size in the State.

SPECIAL COURSES

Why teach music, domestic science and manual training? This question can be answered by asking another. Why teach English, reading or in fact anything which we hear and see every day about us? The reason is that without such teaching the child would fail to obtain the rudiments of any of these subjects and his education would be a hit-or-miss thing acquired from many sources, many of which would be incorrect and often bad. With the prospect of a thirty hour week in the near future, we must prepare our youth so that they will be able to spend their leisure time profitably. From the standpoint of music, nothing is more conducive to giving pleasure both to the person who knows only the simplest facts about it and thereby being able to appreciate good music and to the one who is able to give pleasure and entertainment to others by performing for their benefit. We may never produce a Caruso or a Melba but Maine has given to the world some of the greatest musicians of all time. It is entirely possible that some day Bingham may give another.

Domestic science and manual training are important in the development of young people since as nearly all of them become home-makers or home providers, the knowledge of the simplest facts concerning these two subjects is especially valuable. At any rate, we must in our State tax, pay for these courses in other municipalities. Financially we have been able to reduce the high school appropriation in the last six years $2,000.00 by having these two courses despite an enrollment increasing each year both of our own children and those from surrounding towns.

There appears to be some misunderstanding among some of the town's people regarding salaries. Teachers are employed to teach for the school year, which unfortunately does not coincide with the fiscal year of the town. The contracts are made for that time, the State makes its refunds to us on that basis which is given them in September of each year. The figures of last year are for 35 weeks due to the fact that the infantile paralysis scare forced us to take a vacation which gave us only that number of weeks before the town books were closed. This year's figures cover a full school year. I am appending a salary schedule for the years 1931-32 and 1932-33. The truth of any statements made may be verified by an examination of the total amounts paid for the year 1931-32 and the salary scale for the present year. Beginning with the first week of February this year, teachers' salaries are reduced another 10%.

	Salary Scale 1931–32	Salary Scale 1932–33
H. C. Chapman	$2,350.00	$2,115.00
C. A. Foss	1,200.00	1,080.00
Evelyn V. Robinson	1,100.00	1,000.00
Pauline E. Douglas	1,100.00	1,000.00
Eva L. Morris	1,100.00	1,000.00
Marcia H. Crombie	900.00	855.00
Gladys G. Reynolds	900.00	855.00
May B. Tupper	900.00	855.00

Please note that only one-half of Miss Douglas' time is spent with domestic science classes and for that together with Mr. Foss' full time we received this year from the State $1,169.72 as their part of the courses.

In closing, I wish to thank the teachers and children for their

courtesy and co-operation, the Superintending School Committee for their support and the citizens of the town for their many kindnesses.

Respectfully submitted,

HOWARD L. BOWEN,

Superintendent of Schools

School Report

Mr. Howard L. Bowen, Superintendent of Schools:

I herewith submit my annual report as Principal of the Bingham Junior-Senior High School.

The total enrollment of pupils for this year is 128. This represents an increase of 16 over the registration last year, and is the greatest number ever to be accommodated in the building at one time without resorting to divided sessions, as in the year of 1929-30. Class enrollment is as follows: Post graduates 3, seniors 12, juniors 18, sophomores 26, freshmen 31, eighth grade 20, seventh grade 18.

With one less teacher this year, it has been necessary to combine classes and crowd some small classrooms far beyond their normal capacity. It is a very evident fact that comfortable physical conditions aid mental progress and interest in learning, and that classes meeting under crowded conditions, or in a room where from 30 to 40 other pupils are studying, are retarded in their progress. Every possible effort has been made to reduce such conditions to a minimum, and it has been clearly demonstrated that any pupil with the desire and determination to succeed, can do very creditable work, while if those attributes are lacking, little is accomplished by any individual.

Last May our school entered the second annual University of Maine Scholarship Contest, and while we had no senior to qualify for the District Scholarship, the general standing of the school was such that a letter of congratulation was received from Dean Lutes of the Department of Education, University of Maine, commending the school for its work and the honors it won in the contest.

The high school baseball team also experienced another successful season last spring, losing only one game.

This year the annual senior play was presented during the fall term, rather than during the winter term as has been the custom previously. The excellent coaching of Miss Robinson, under whose direction the last three annual plays have been presented, should be commended and appreciated.

I wish to thank all local organizations which have, through the offering of prizes and in other ways, manifested their interest in the welfare of their young people.

Realizing that this report should be brief in form, I wish in closing to thank all school officials and parents for their support and co-operation during the year, and to leave with parents and pupils this thought—that whatever may befall one in his future life in a material way, an education once obtained and appreciated, can ever remain a mental and spiritual inspiration which cannot be taken away.

Respectfully submitted,

H. C. CHAPMAN

Auditor's Report

February 15, 1933

I hereby certify that I have examined the books of the Selectmen and Town Treasurer for the fiscal year ending February 15, 1933, and find them properly kept, all disbursements properly vouched for and believe said accounts to be correct as stated.

WALTER E. ROBINSON, Auditor

Warrant for Annual Town Meeting

SOMERSET, SS. STATE OF MAINE

To Clarence W. Dutton, a Constable of the Town of Bingham in said county: GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Bingham, qualified to vote in town affairs, to assemble at Kennebec Hall in said Town of Bingham on Monday the 6th day of March A. D. 1933, at 10 o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will vote to accept the report of the municipal officers as printed.

Art. 3. To choose a town clerk for the ensuing year.

P. C. Foss - C. A. Robinson - G. B. Carl

Art. 4. To choose selectmen, assessors, and overseers of the poor for the ensuing year.

Art. 5. To choose a treasurer for the ensuing year.

Art. 6. To choose a tax collector, fix compensation, for the ensuing year, and pass all necessary votes respecting the same.

Art. 7. To choose one or more members of the superintending school committee.

Art. 8. To see if the town will vote to elect a road commissioner, and pass all necessary votes respecting the same.

Art. 9. To see if the town will vote to authorize its selectmen to appoint one or more (not to exceed three) road commissioners for the ensuing year and pass all necessary votes respecting the same.

Art. 10. To see if the town will vote to elect an auditor for the ensuing year and pass all necessary votes respecting the same.

Art. 11. To choose all other town officers.

Art. 12. To see what sum of money the town will vote to raise for support of common schools for the ensuing year, and pass all necessary votes respecting the same.

1932 appropriation $4,600.00. Recommended $2,420.60. Amount raised $.....

Art. 13. To see what sum of money the town will vote to raise for the purchase of textbooks for the ensuing year.

1932 appropriation $0.00 Recommended $0.00. Amount raised $.....

Art. 43. To see what sum of money the town will vote to raise to install a catch basin near the residence of Perley Carl at lower end of town, and pass all necessary votes respecting the same.

Art. 44. To see what sum of money the town will vote to raise for the care of cemeteries in the town for the ensuing year.

1932 appropriation $50.00. Recommended $50.00. Amount raised $.....

Art. 45. To see if the town will vote to raise the sum of $500.00 to apply on the note issued for the widening of the macadam surface on Main Street.

1932 appropriation $700.00. Recommended $500.00. Amount raised $.....

Art. 46. To see if the town will vote to raise the sum of $1,500.00 to pay off the note issued for the support of town poor at our special town meeting, held Dec. 12, 1932.

Recommended $1,500.00. Amount raised $..1500.—..

Art. 47. To see if the town will vote to raise the sum of $1,394.97. Said sum being an amount to cover the net overdraft as per your appropriation sheet, plus money due Donald L. Goff for commissions and abatements.

Art. 48. To see what sum of money the town will vote to raise for salary of town treasurer for the ensuing year.

1932 appropriation $100.00. Recommended $50.00. Amount raised $.....

Art. 49. To see what the town will do about making a bunter or dike just below the new concrete bridge on Austin Stream, to keep the stream from overflowing its banks on the east and south shores.

Art. 50. To see what sum of money the town will vote to raise to construct the bunker or dike mentioned in Article No. 49.

Art. 51. To see if the town will vote to authorize its selectmen to raise in behalf of said town the sum of .... dollars ($.....) and to give the note or notes of the town for said amount for the purpose of raising money for the construction of a bunter or dike just below the new concrete bridge on Austin Stream, to keep the stream from overflowing its banks on the east and south shores.

Art. 52. To see if the town will vote to accept an extension at the foot of Preble Street, running in a westerly direction 99 feet to the northwest corner of Clayton Andrews' lot.

Art. 53. To see if the town will vote to spend any special resolve money we receive from the State this year on the Mahoney Hill Road as follows: Starting at the southeast corner of the Hannon lot, and going in a westerly direction.

Art. 54. To see if the town will authorize its selectmen to appoint a town physician, if they see fit.

Art. 55. To see if the town will vote to authorize its selectmen to procure a temporary loan in anticipation of taxes for the purpose of paying indebtedness of the town. Such notes to be paid during the current municipal year out of money raised during said current muncipal year by taxes.

Art. 56. To see if the town will elect a budget committee to recommend to the next annual town meeting the necessary appropriations of money for the ensuing year.

Art. 57. To choose a fire ward for the ensuing year.

Art. 58. To see if the town will fix a time when taxes are due and payable.

Art. 59. To see what discount the town will allow for payment of taxes prior to August 1st, 1933, and what rate of inerest the town will charge after October 1st, 1933.

Art. 60. To see if the town will vote to authorize the issue of its note or a series of notes for the purpose of paying in whole or in part the outstanding indebtedness due, and if so to determine the amount of said loan, its rate of interest and terms and the manner of execution of said note or notes.

Art. 61. To see if the town will vote to accept the list of jurors as revised by the selectmen, treasurer and town clerk.

Art. 62. To transact any other business that may legally come before said meeting including the passing of any and all votes that may be considered necessary to carry into effect any and all votes passed under the warrant.

The selectmen give notice that they will be in session for the purpose of correcting the list of voters at nine o'clock in the forenoon on the day of said meeting.

Hereof fail not, and have you there this warrant with your doings thereon.

Given under our hands at Bingham this twenty-fourth day of February, 1933.

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.

Report of Selectmen, Assessors and Overseers of the Poor

To the Citizens of the Town of Bingham:

Your Selectmen, in accordance with the provisions of the Statutes, submit herewith their annual report of the financial condition of your town for the year ending February 15, 1934.

While the rate of taxation, $41.00 per $1,000. valuation, was not reduced from the previous year, there was a general reduction of about 20% in valuation figures throughout the town, resulting in corresponding reductions in individual tax bills. A number of our citizens cooperated with us for economy and efficiency in town affairs by voluntarily making early payments on their taxes. Even before tax bills were issued, over $2,000.00 in tax money was paid into the treasury, thus relieving the town of immediate need of borrowing funds in advance of tax receipts to carry on town affairs. It is noteworthy that the majority of our townspeople paid their tax obligations promptly, resulting in savings for themselves and for the town.

You will notice that there is a comfortable balance in the treasury and this would have been much larger if we had not suffered the misfortune of having our local bank closed. We have on this date about $1,800.00 of the town's funds frozen up by the suspension of the Augusta Trust Company and awaiting the future liquidation of that institution. Just what part of this amount will be salvaged for the town it is impossible to say.

You may also notice that the total of overdraft is small. It is safe to say that if all the funds from outside sources had come in as expected, there would have been practically no overdraft. Our several departments have done nobly in keeping expenses within their regular appropriations.

At the last town meeting a small sum was appropriated for superintending and directing the employment of the needy unemployed, and this fund allowed us to make better use than formerly of those of our townspeople needing immediate assistance. During the months of January and February Federal C. W. A. and C. W. S. employment projects afforded some relief and put more money in circulation around town.

We keenly appreciate the measures of relief afforded the town's needy by the local Red Cross organization and by other local organizations, and many of our citizens have rendered substantial aid in finding work for needy unemployed. In fact, in this time of stress the volume of assistance rendered by Bingham citizens to your municipal officers has resulted in considerable savings for the town, and we, the undersigned, sincerely thank the people of Bingham for their interest and their hearty co-operation.

Respectfully,

PERLEY C. FOSS

C. N. ROBINSON

ALTON B. CARL

Selectmen of the Town of Bingham

Oct. 24—Eva L. Brown, aged 66.
Oct. 25—Viola Colby, aged 88.
Nov. 24—Robert E. Gile, aged 0.
Nov. 20—Tose L. Williams, aged 83.
Dec. 9—Janie L. Brackett, aged 0.
Dec. 12—Greenwood Moody, aged 79.
Dec. 23—Joseph L. Bachelder, aged 43.
Dec. 23—Curren L. Smith, aged 71.

Report of School Principal

Mr. Howard L. Bowen, Superintendent of Schools:

I submit herewith my annual report as Principal of the Bingham Junior-Senior High School.

Our enrollment this year is second largest in the history of the school, being within 13 of the total of the year 1929-30. By classes the registrations are as follows: Seniors 15, Juniors 19, Sophomores 23, Freshmen 43, Eighth Grade 17, Seventh Grade 18, a total of 136.

Due to the large number in the Freshman Class it was necessary to hold two sessions during the fall term; the three upper classes attending for six periods in the morning, and the Freshmen being present five periods in the afternoon. This schedule gave excellent results with the upper classmen, but rather handicapped the first year students because it allowed them practically no time for supervised study during school hours. Since the renovation of one school building during the Christmas vacation, all classes in the Senior High School have attended one morning session of seven periods. The Freshmen now have their own home-room with a teacher always present to aid and advise them.

Scholastically, the results of the new one session plan have been surprising. At the close of the last ranking period 40% of those now in school had a grade of 85% or over which is a very creditable record. There were also the smallest number of class failures during recent years, there being especially few among the upper classmen. This improvement can be credited mainly to two factors: First, that under the present schedule very few classes are conducted in rooms where others are studying; and second, the growing realization among the majority of pupils that there is a real purpose in the mastering of school work and that a judicious combination of study both at home and in school will bring best results.

All extra-curricular organizations and activities are being carried on as usual. The Senior class, under the coaching of Miss Robinson successfully presented their play last December. Under the leadership of Mr. and Mrs. Elliot, a group of Seniors and Juniors has become interested in debating and the school

has joined the Bates Debating League. This is a new activity and it is hoped that it will be well supported at the time of the first public debate about the middle of March.

For several years all activities have been self-supporting financially and have had small accounts in the bank. Thus with the failure of the Augusta Trust Company last May, all of our classes and particularly the Athletic Association, were subject to serious depletion of funds. It is hoped that a baseball team may be developed this year comparable to those of former years, but financial support for the team will be needed.

The interest of the citizens of the town in their schools as evidenced by the attendance at the evening session of last October was very gratifying. All parents are cordially invited to visit the regular high school sessions and become acquainted with the work their pupils are doing. Thus school and home may work more closely in bringing about their common aim.

Respectfully submitted,

H. C. CHAPMAN

Report of Superintendent of Schools

No less a person that the Ex-Governor of New York State Alfred E. Smith, expressed some time ago in a public address the sentiments that the State can afford to lose time on the construction of roads, bridges, or buildings and by a later speeding-up process catch up with a program but time lost in preparing children to take their places in the world cannot be made up, and that during the period of childhood, it is the solemn duty of every state to provide full and complete education for its youth.

According to recent figures published in the State School Bulletin by the Commissioner of Education, the net decrease in school expenditures all over the State during the past year is $2,000,000.00, a decrease of more than 22%, this despite an increased enrollment in school children of approximately 10% over the figures for 1932. This same report gives the average school and tax rate throughout the State. In this county, only three towns have a lower tax rate than Bingham and only one has a lower school rate.

Despite drastic reductions in both local and State income during the past year, we feel that the schools have gone forward with real progress, which could have been made only with faithful teachers.

TEACHERS

There has been no change in the elementary teaching staff during the year. Mr. Linwood S. and Mrs. Florence W. Elliott, both graduates of the University of Maine have been added to the Junior and Senior High School faculties. Mr. Elliott is especially trained and prepared to teach English and history and Mrs. Elliott is thoroughly competent to carry on her work in the Junior-Senior High. New extra-curricular activities are being carried on in the schools. Debating in the high school and a Junior Red Cross in the McKinley School. It is planned to enter the Lydia Spear Prize Speaking Contest later in the season. All our teachers are worthy of the highest commendation of the people of the town in every respect and particularly as far as training, education, morality and citizenship are concerned.

ENROLLMENT

Enrollment in the High School is increasing year by year with the probability that there may be expected continued increase for the next few years at least. The large number of tuition students is very fortunate for the Town of Bingham as the income from this source together with State aid from Manual Training and Home Economics pays for more than one-half the cost of running the High School. Too, the towns sending pupils to the school are relieved of the cost of maintaining a high school in their towns and besides are reimbursed from the State School Fund to two-thirds the amount of tuition paid by each town.

NIGHT SCHOOL

Under the Federal Relief Administration, a night school for adults has been opened with courses in history, civics, English, commercial work, handcraft, telegraphy, and sewing. The popularity of such a school is illustrated by the attendance at each session and is an evident faith of the people's interest in education. There has been to date an average attendance of about fifty.

MUSIC

Music has been continued this year under the skillful direction of Mr. Wrenn. We have been somewhat handicapped by the inability to secure new music books for some of the grades but hope to remedy this trouble during the coming year.

REPAIRS

Most fortunately and unexpectedly a part of the C. W. A. allotment for Bingham was given the School Department. Several long needed repair jobs were done which otherwise would have been prohibitive at least for several years. At the high school the home economics room, laboratory, toilets and cloak-rooms were redecorated; new ceilings for the toilets installed, the size of the English room increased and the room redecorated with several other minor repairs; but the greatest and most needed improvement was the creation of the "Freshman Room" and "Junior High Room" from the large room upstairs—a very necessary change due to our large enrollment. The Primary build-

ing had the toilets sheathed and painted, the halls and Mrs. Tupper's room redecorated and the toilets in the McKinley building were sheathed and painted. The interiors of all three buildings are now in good condition. The outside of the high school building needs painting.

For the first time since being your Superintendent of Schools our Department shows an overdraft. This is explicable however by a loss of income from expected high school tuition and State School Funds. We are glad to report however, that we have kept somewhat under the total school budget as recommended by the budget committee of last year.

In closing, may I take the opportunity to thank the Town Officials particularly the Superintending School Committee for their consideration and co-operation, the teachers and children for their splendid spirit of wanting to work well together and to whoever else may have contributed in making this a good year for schools in this town.

Respectfully submitted,

HOWARD L. BOWEN

Art. 54—To see if the town will fix a time when taxes are due and payable.

Art. 55—To see what discount the town will allow for payment of taxes prior to August 1st, 1934, and what rate of interest the town will charge after October 1st, 1934.

Art. 56—To see if the town will vote to authorize the issue of its note or a series of notes for the purpose of paying in whole or in part the outstanding indebtedness due, and if so to determine the amount of said loan, its rate of interest and terms and the manner of execution of said note or notes.

Art. 57—To transact any other business that may legally come before said meeting including the passing of any and all votes that may be considered necessary to carry into effect any and all votes passed under the warrant.

The selectmen give notice that they will be in session for the purpose of correcting the list of voters at nine o'clock in the forenoon on the day of said meeting.

Hereof fail not, and have you there this warrant with your doings thereon.

Given under our hands at Bingham this twenty-third day of February, 1934.

PERLEY C. FOSS

C. N. ROBINSON

A. B. CARL

Selectmen of the Town of Bingham

A true copy
Attest:

CLARENCE W. DUTTON,

A Constable of Bingham, Maine

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
